Location of Project

At USPS Training Ctr., 24th Ave., SE @ E. Imhoff Rd., Norman, OK 73071

I have reviewed Postal Service NEPA guidance and have considered the environmental impacts of the proposed action. In the case of facilities projects, the requisite guidance is contained in Handbook RE-6, *Facilities Environmental Guide*. In the case of operational projects including construction and repair activities managed by districts, the requisite guidance is contained in Management Instruction AS-550-96-4, *National Environmental Policy Act Operational Guidance*.

The following activity has been taken based on information available to me, and, for operations projects, the recommendations of the appropriate area environmental professional. For facilities projects, policy allows the Facilities Environmental Specialist (FES) to prepare and sign as the project manager.
